### EasyGroup wins Colombia legal case

**Court:** The founder of EasyJet, Sir Stelios Haji-Ioannou, is celebrating victory in a £7,000 legal battle with Colombia's Easyfly. EasyGroup was last week awarded 30m Colombian pesos (£6,940) in damages after crossing swords in court with Easyfly-owner Alfonso Avila.

Mr Avila, dubbed a "brand thief" by EasyGroup, had originally tried to bring a suit against EasyGroup, claiming infringement. However, a judge in Colombia found that the Easy brand was first established in the UK.
